

THE MICKEYS

Robert Jr. Wendy Elizabeth

Dear Praying Friends,

June-July 2019

BURUNDI

We started our missions program Grace to the Regions Beyond, for the purpose of taking the gospel to the Democratic Republic of Congo. Traveling to Congo always took us through the country of Burundi. We did not know much about this small country that sits south of Rwanda and east of Congo. We always stayed alert for a Baptist Church, asking whenever we could, but never found anything close to a true gospel preaching church. God began to burden us for this country and as we researched, we were not able to find a single Independent Baptist missionary that had ever gone to Burundi. We started making contacts in the country, saw some salvation decisions and began teaching some people. It was a slow process at first, with some bumps along the way. Finally, five years ago the Grace Gospel Baptist Church held its first service. It had one of the best beginnings of any of our church plants and over these last five years they have continued to grow in maturity. Pastor Kambi is the pastor of this church and is leading this church to develop a burden for their country.

I recently returned from Burundi after visiting **THREE** other churches that pastor Kambi has labored to help start. What an exciting time as we understood that these churches are like grandchildren to the Grace Bible Baptist Church. Each church has a pastor that is receiving training from Pastor Kambi. In July, we will be having a bible college session in Burundi with these four churches along with several churches that will be coming from Congo. This recent trip to Burundi was one of the most exciting and satisfying trips I have taken. Continue to pray for Grace to the Regions Beyond and for the country of Burundi.

His for Kenya

And the Regions Beyond,

The Mickey Family
