Subject: Monday Update

The days of our 40th anniversary conference were some of the busiest we have had in some time, but they were wonderful! The conference went very well, and we got excellent feedback from those who came, both speakers and graduates. By having some of the earlier American missionaries back to speak, the newer generation of graduates (and we) were able to gain a better understanding of the what the first years of the seminary were really like. On Friday night we took a picture of all the graduates and their families, teachers, former teachers, and staff. At least 75 graduates are in the picture. Some had not been on campus in many years. Several also commented about the need to support the school. We are praising the Lord for a wonderful conference and the good feedback for the Bible College.

On Monday we began our graduate module on Expository Preaching. We have a good number of pastors taking the class, and some taking through a video conferencing program. Pray that this will be a great week of learning and encouragement for national pastors.
