## “...confirming the churches.” Acts 15:41

In early September, Judy and I began three months' service to Straight Paths Baptist Church in Ulaanbaatar, Mongolia. With me is Togsoo, the interim national pastor. Brother Togsoo was saved under the ministry of Jason and Becky Muller, and is completing studies at a nearby Bible institute. Our service is to guide and counsel during the transition to autonomous national leadership. **Please pray for Togsoo and Straight Paths Baptist Church**, that God continues to build His church, and their call for a Pastor.

Prior to our arrival, Straight Paths Baptist Church completed its new facility. The church sits on its own property, and meets in a series of *geres*, the traditional, framed circular Mongolian cloth huts. The photo is taken parallel to the outside driveway, toward the entrance gate. The main auditorium is at the center, the kitchen / nursery is at the right, and a Sunday School classroom / office is at the left. The *geres* are heated with a small wood and coal stove.

Ministry in Mongolia involves tedious work to prepare for each meeting. Water for the sinks and church kitchen must be hauled in. As days and evenings get colder, the church will tend coal stoves to provide heat; electricity is too expensive. Yet, this small church holds services, runs vans, ministers to teenagers, and preaches the Word of God.

**Continue praying for meetings and support.** We return on December 4th, and are scheduling meetings throughout 2020. In early 2021, we travel to Africa for two years to establish the Bible institute ministry of a local church. We are currently at 53% of our support goal for this two-year assignment.

In Christ,

Byron and Judy Cromwell
