

Dear Pastor & Faithful Prayer Supporters,

Wow, what a year! God has been so good! We like most churches have been meeting with all the Covid challenges. Although, our services from time to time have been poorly attended. To God be the glory we have not needed to cancel a single service.

God has blessed our church in unexpected ways through Covid. The first being, we have been able to pay all of our bills on time. PTL! God has also provided several months of free rent for our church. Our church family has grown, and we have been able to add to the group of people we call our church family. No doubt we would be running over thirty by now if Covid had not happened. God has opened up a church building for us to meet in. The church that owns this building is currently not having services because of the Covid, but we believe the people will be coming back soon. Our prayer is that God would provide a permanent place to rent by March 31, 2021. We ask that you please join us in this prayer.

Although our governor has made church work difficult. We are praying that 2021 will bring a great harvest for God. Thankfully we are back going door to door soulwinning with door hangers. I am encouraged by God's blessing of visitors as a result of the door hangers. Our theme for 2021 is "A Heart for God". Never in my life have I seen a country more in need of revival than now.

My family is doing well! The Lord has grown the music ability of our family. Following Dannah's college graduation she has come home to serve in the church plant for a year. Thank you for your prayers, support, and kindness. May God bless you in the new year!

Pastor Dan Bottrell
