Terri

July 2021

Dear Pastors, Supporters and Friends,

Greetings from Japan where it has been raining most of the time in Okinawa. It has finally let up and we have had some sun in recent days. As in the past we have been struggling with the corona virus throughout Japan. And in Okinawa the restrictions have been in the "State of Emergency" for quite a while and will continue until August 20. Because of that many people do not attend the services. We are still meeting on Sundays but also have live streaming for those who feel they cannot attend. Below is a picture of our recent ladies meeting making Bible covers. We, along with you, are praying that this will end soon.

Here in Japan the vaccines have been getting out very slowly and the Japanese are very paranoid about the pandemic, and the churches here are struggling. But, God is faithful in supplying our needs and sending some new people along the way. We look forward to the ending of the coronavirus problem and getting back to a normal schedule. Our normal schedule would be to have a summer festival in July for kids and then a fall evangelist meeting in September for adults. Since the present conditions prevent us from having this, please pray that as we hand out tracts on Saturdays they will still be used and God will continue to speak to hearts.

Thank you for your prayers for our health as it is doing fine. However, Terri has been having trouble with her foot with some kind of nerve damage and it seems to have moved up into her hip. It is not only painful but fatiguing for her as well. She has an appointment with the doctor on the 29th so we would appreciate your prayers for this appointment. Thank you for your faithful prayers and support for us as we labor here in Japan for the Lord. Without them, we would not be able to stay on the field to minister and reach the lost.

Yours for the Harvest of Souls in Japan,

A handwritten signature in black ink that reads "Dan + Terri Gardner". The signature is written in a cursive, flowing style.
